

LightHill 2018 Testimonies

The Tangible Works of God in LightHill

ChildBirth Went Amazingly Smoothly

January 2018

Giving glory to the Lord for a successful and amazingly smooth childbirth. We walked into the hospital in so much comfort that the security guards thought I came to visit a patient in Labor & Delivery. Alas, I was the patient!!

My labor turned to favor. The nurses were astonished and one of them said, "this is crazy, you are not having contractions, but you are dilating". Just like that, I was ready to push, and the baby came out just after the 3rd push. Halleluyah! I am reminded of the word of God which says - " Yet no sooner is Zion in labor than she gives birth to her children" - This is my testimony! - **Sister A.**

Revived From Coma After Fall

February 2018

It is with so much joy and gladness that I send this post. I am very grateful to God Almighty for his faithfulness. And I also appreciate the presence of God in your life and ministry. My testimony this morning is that the healing power of God has done the miraculous in the life of my son. Contrary to medical reports that stated he would need about 6-8 months to get his memory and physical balance restored, I am glad to inform you that a few days after he was released to his mother, he can walk perfectly well, his speech is excellent and his memory is back. We give glory to Jesus. However the medical team insists he should be moved to a rehab facility to complete his treatment cycle. I pray for more grace, more anointing, more testimonies in your life and ministry. - **Brother G.**

UTI Healed

February 2018

After I had my child 2 years ago, I began to have recurring UTI with sharp pains in my kidney. It was so bad I could not breathe deeply and affected me. I also could not carry my baby because of these pains. My primary care physician was concerned I was taking a lot of antibiotics that she referred me a urologist. The urology didn't see anything wrong in my urinary system. She, the urologist ordered a CAT scan for them to examine my kidney. I went through that and nothing was found, yet the UTI persisted. I joined the worship service and prayer line. On one of the days, as we worshipped and pray, a word of knowledge came out and said there was someone on the prayerline who the Lord is healing of UTI, I knew that was me, and ever since this time, the UTI disappeared and I am delivered. The Lord is all powerful and glorious, THE LORD IS IN THIS PLACE!!! **Sister I**

Spiritual Growth

March 2018

6 months ago, I had no idea my spiritual status would be in its current state. I have come to understand the true power of worship. The Bible Studies have opened my eyes to the word of God in a brand new way, and my prayer life is on fire. Because of the sound lessons taught at Lighthill, God has given me the opportunity to help others, pray for others and lead others to Christ. Coming to Lighthill has blessed my life. **Sister O**

Book Release

March 2018

I give God all the glory for the inspiration and strength to complete my book. The man of God prophesied that the anointing to write books were being released upon my life. To the glory of God, I released my first children's book this month. - **Sister E.**

Mental Attack Healed

April 2018

A sister gave us a call to request prayers for her sister who had been admitted into a Psychiatric hospital. The lady was reported to have been saying strange words and stripping off her clothes in a church. We began to pray over the phone and the spirit of the Lord told us to bind and cast out a certain spirit. The Lord said she will be released from the Psychiatric hospital. Two days later, she appeared in front of a judge, and the judge ruled she was fit to go home. She was in church with her family the next Sunday to testify of the power of the Lord. Hallelujah.

Untimely Death Conquered

April 2018

I am thanking the name of the Lord who delivered me from untimely death. The entire month in Church, the Lord had told the church to participate in the Holy Communion and that the angel of death will pass over us. There was also a word about the Lord preserving my life. I was driving to work when my car suddenly went off the road and I met myself in a man's yard. I thank God that I was not killed and the Lord spared my life and my family

Brother E

Delivered From Cancer

April 2018

After a breast cancer surgery, the lump was successfully taken out of my wife's breast. The doctor said everything looks promising. No sign of lymph nodes affected. Probably no need for chemotherapy or radiation. Thank God.

Brother J.

At LightHill, we experience the raw manifestation of God's power. The sick gets healed and yokes are broken...

In need of the touch of God's?

Attend the next worship encounter...
